All-together-seminar

How to unleash 60% of your church *with Jo Gibbs*

The all-together-seminar is a focused time on an important topic for us to be leading as leaders in.

This year we have the privilege of Jo Gibbs from Reach Australia helping us thinking through how we care for, raising up and grow women in our ministries.

Women make up 60% of the Australian church, but how can they be more effectively mobilised and equipped for ministry? What does genuine partnership look like between men and women in gospel ministry? This seminar will explore key principles and tools for making this a reality in your ministry context.

Electives

A time to take a deeper dive into key topics related to our leadership that will better equip, train and support us in the areas of our character, convictions and competencies as we serve - our Electives are a tailored time for this. You get to attend two out of the four across the conference and can pick on the day.

1. Building Healthy Ministry Teams *with Jo Gibbs*

How do you get your team working towards the same goals, valuing each other's perspectives and gifts as you serve Jesus? This session will explore the key relationships, results and rhythms to make this happen.

2. Power and Authority in the church *with Richard Condie*

All of us exercise power in the different ways, and this is especially true for church leaders who carry authority in the life of the church. How we do this matters, so that we carefully raise up others to serve. This seminar will explore the sources of power and models for using it effectively. It will also speak about the temptations and pitfalls of misusing power. This is an essential topic for anyone who wants to lead.

3. Motivating and mobilising leaders and volunteers *with Mikey Lynch*

This is one of the great opportunities we have for investing in the members of our church and increasing our ability to minister effectively to the church and the world. But it is hard to do well. In this elective we will look at some of the values and habits that create a healthy culture for leaders and volunteers in our churches and ministries.

4. Enfolded and including those with disabilities in our ministries

with Jess Prins & Alastair Crouch

One-to-One Ministry Conversations

Half an hour intentional chat with a minister leader or peer

Unique to Challenge Conference is the opportunity to sit down with someone else out of your circle to discuss ‘what serving the Lord in your life looks like’. The one-to-one ministry conversations are an informal but intentional chat which provide you with the chance to think about current and future ministry and how you can grow in your service to God. It is also an opportunity to ask questions about ministry, so be thinking about anything that you may want to ask. It is designed for all ages and all stages.

Prayer Meeting

Prayer for the raising up and growing leaders is an important part of our responsibility, work and seeing the multiplication of disciples in Tasmania and beyond. There will be a devoted time to pray for and reflect on our areas of service and ministry across our state.

Bookstall: Old and New resources

Across the conference there will be a bargain second-hand bookstall available (cash donations or electronic payment option). All proceeds from the second-hand bookstall will go towards the work of The Vision 100 Network. This will be alongside new books bookstall (Korong) that will also be available (EFTPOS payments only).

Challenge Kids

Prep – Grade 6 | Saturday only | limited spaced

You are invited to ***God's Big Party***. God loves parties and is preparing a forever party. In Luke 14, we see that God wants a full house for his forever party; in Luke 15, God even parties whenever someone says yes to his forever party – this is what we want our Kids to be challenged by in 2024.

The program begins at 9:30 am on Saturday 9th August, with check-in from 9.00am.

Children will join the main session at 5:15pm to finish the conference together with the adults.

Coffee lovers - we've got you covered!

Parklane Café will be serving on demand hot drinks you can purchase across the daytime period of the conference.
